

Accessing Your Virtual Application from a Home Computer

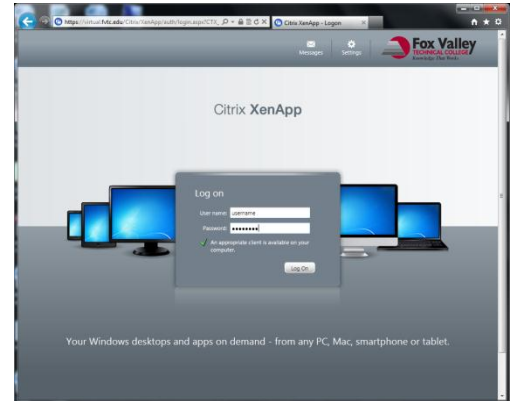

Prerequisites: Windows XP, Vista, or 7 • Internet Explorer 8 • Internet connection

1

Open Internet Explorer, browse to “virtual.fvtc.edu”, check “I agree with the Citrix license agreement”, and click Install.

4

Enter your User Name (Student ID) and password, enter “fvtc” for the domain, and select Log On to continue.

2

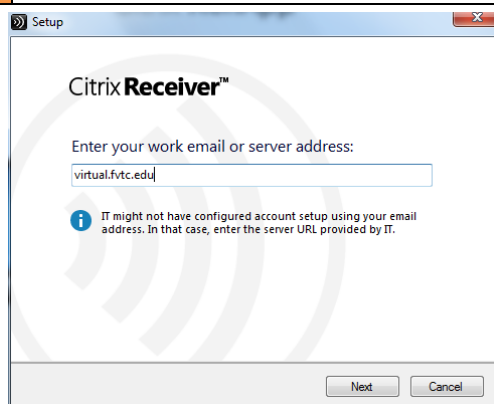

Run the installer.

5

Select your application from the choices presented. Your choices will vary based on the classes you are currently enrolled in. Contact your instructor if you do not see your application.

3

When prompted enter “virtual.fvtc.edu” for the server address and select Next.
