What do FVTC grads say about their program?

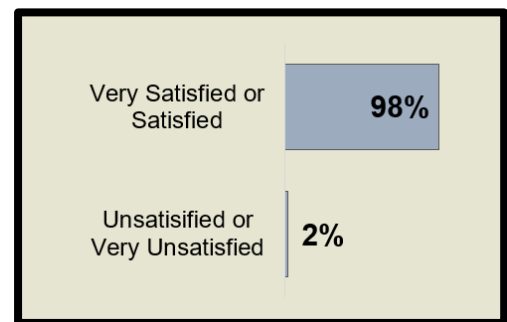

I was thrilled with the FVTC instructors and their concern for us.

I loved the education I got though FVTC's ADN program. When training as a nurse, I had many mentors say they felt FVTC grads were better prepared to join the field compared to other nursing graduates in the area.

My instructor was very good at preparing me for my job.

I love the teachers and all the friendships I made while learning.

The transition from books to hands on was very smooth. You could tell our instructors really cared about us and wanted us to succeed.
