Report Definitions:

Employed: Percent of graduate survey respondents available for employment who reported employment.

Employed Related: Percent of Employed survey respondents who have a job in degree-related field.

Average Annual Salary: Wage averages may include graduates employed in the field prior to attending FVTC; five-year graduate wage averages may include students who continued their education and obtained higher-level degrees.

Asterisk (*): An "*" behind the Average Annual Salary amount indicates the salary is a three-year average. If the program had insufficient data to report one-year averages (fewer than 5 graduates or fewer than 3 graduates with reported wage information), three-year averages are shown if available. **N/A** is listed if unavailable.
