What do FVTC grads say about their program?

I feel FVTC has provided me a skill set that I will be able to expand and build upon as I learn more in my current career. Overall, my experience was very good at FVTC.

I am very happy with my education. Small class sizes, practical classes for my degree, and flexible. I love how my teachers all have worked in their fields before becoming a teacher at FVTC.

I feel like I gained a lot of confidence in myself during my program, very much so because of the instructors.
