POLICY TITLE: College Vision and Strategic Directions

The Strategic Planning Process has led us to a shared vision to fulfill our mission. Three strategic directions focus on assuring excellence in all College endeavors.

Vision

A catalyst in engaging partners to bring innovative educational solutions to individuals, employers, and communities – transforming challenges into opportunities.

Strategic Directions

1. ***Access to Technical Education***

Attract more students to technical career fields through targeted marketing, streamlining complex processes, and reducing known barriers.

2. ***Student Success***

Improve students' completion of credentials through the redesign of academic and support service systems and practices.

3. ***Workforce & Community Development***

Work with regional partners to develop solutions or address workforce gaps in key employment sectors.
