

Fox Valley Technical College

Student Code of Conduct - General

The *Student Code of Conduct - General* (“Code”) outlines the expected behavior standards for all Fox Valley Technical College (“FVTC” or the “College”) students. This procedure aims to provide support, guidelines, and regulations to create a safe learning environment that aligns with the College’s values. The College is committed to all students' educational and personal development and requires their behavior to align with its scholarship and conduct standards.

FVTC encourages the open exchange of ideas and opinions and expects that this will be done with respect for the human dignity and freedom of others. The College expects the highest standards of conduct from its students, which may be more stringent than the expectations of the law.

The following guidelines apply to general conduct violations defined in Section 3. *Behavior Expectations*. Sexual and academic misconduct are not covered by these procedures and are addressed separately in the [*Sex-Based Harassment and Nondiscrimination Policy and Procedures*](#) and the [*Code of Conduct - Academic*](#).¹

At FVTC, students are expected to adhere to high standards of conduct to ensure a positive educational experience. This includes complying with all civil and criminal laws, college policies, and regulations on campus and at College-sponsored events. Students should not disrupt the educational process and must behave in a way that does not pose a threat to the safety or well-being of others.

The student conduct process at FVTC is different from criminal and civil court proceedings. Students are guaranteed written notice and a hearing before an objective decision-maker. No student will be found in violation of FVTC policy without evidence showing that it is more likely than not that a policy violation occurred. Any sanctions imposed will be proportionate to the severity of the violation and the student's conduct history and issued on a case-by-case basis.

The student conduct process may occur before, during, or after any criminal, employment, or another proceeding (if applicable). A student alleged to have violated the *Code* may not avoid the conduct process by withdrawing from the College. Student conduct proceedings will continue without the student’s participation, and a student may not be permitted to acquire records or make registration changes until the matter is resolved. In addition, a student may be sanctioned regardless of enrollment status. FVTC will notify the student through their FVTC email or personal email on record or certified letter. Student accounts should include a functional email address. All communication regarding conduct will use email as the preferred means of communication.

¹ References to other College policies shall be meant to incorporate the entire policy by reference.

The *Student Code of Conduct - General* outlines procedures for addressing behaviors that violate the Code, including sanctions designed to educate and protect College community members. If you have questions about this Code, please contact the Student Conduct Manager at 920-735-2570.

Fox Valley Technical College students are provided with an annual link to the *Code* on the college's website. Hard copies can be obtained by contacting the Office of Student Conduct in the Advising, Counseling & Career Services office in room E121 on the Appleton Main Campus. It is the student's responsibility to read and adhere to the provisions of the *Code*.

SECTION 1: JURISDICTION

The *Student Code of Conduct - General* and the student conduct process apply to individual students and all Fox Valley Technical College-affiliated student organizations. The College considers an individual a student upon admission into a program, enrollment in a course, or participation in any learning activities at or from the College, regardless of the program and course delivery mode. These expectations and rules apply to all students, whether in an Associate Degree program, Technical Diploma program, Certificate program, English Language Learning, Adult Basic Education, Alternative High School, taking one class, or participating in a workshop or other educational activities.

Fox Valley Technical College maintains jurisdiction over any alleged violation of this Code that occurred prior to a student's leave of absence, withdrawal, or graduation for any misconduct before their leave, withdrawal, or graduation. Student conduct proceedings may proceed with or without the student's voluntary participation. If sanctioned, the student may have a hold placed on their ability to re-enroll, obtain official transcripts, and graduate status, and all sanctions must be fulfilled before re-enrollment eligibility.

The *Student Code of Conduct - General* applies to behaviors on any campus or FVTC location, online, at Fox Valley Technical College-sponsored events, and in Fox Valley Technical College-affiliated housing. It may also apply off-campus when the Vice President of Student Success or designee determines that the off-campus conduct affects a substantial Fox Valley Technical College interest.

A substantial interest in Fox Valley Technical College includes the following situations:

- Any circumstance where a student's behavior may pose a danger to members of the FVTC community.
- Any situation that is detrimental or disruptive to the educational mission and interests of Fox Valley Technical College as outlined in the *Code*.
- Any conduct that contradicts College policies or regulations.

FVTC encourages individuals to promptly report alleged violations of this policy. There is no time limit for reporting violations of the *Code*. However, the longer someone waits to report an offense, the more difficult it becomes for Fox Valley Technical College officials to obtain information and witness statements and to make determinations regarding alleged violations.

Anonymous reports are permitted, but doing so may limit Fox Valley Technical College's ability to investigate and respond to reports. Those aware of misconduct are encouraged to report it as quickly as possible to the Office of Student Conduct and/or Safety and Security. **Instances of alleged sex-based harassment or sex-based discrimination are covered in the [Sex-Based Harassment and Nondiscrimination Policy](#).** Students and employees should refer to the **Sex-Based Harassment and Nondiscrimination policy for more information.**

SECTION 2: VIOLATIONS OF THE LAW AND PENDING CRIMINAL PROCEEDINGS

Alleged federal, state, and local law violations may be investigated and addressed under the *Code* when an offense occurs within FVTC's jurisdiction. The FVTC conduct process will proceed even if a criminal report arises from the same incident.

FVTC may impose an interim suspension if a student is under criminal investigation or facing an alleged conduct violation. Interim suspensions are in place until a hearing, typically within two weeks, can be held.

- The student involved must cooperate with all campus investigations without jeopardizing their defense in the criminal trial.
- The student must also adhere to any interim actions or restrictions during the interim suspension.
- Lastly, to be reinstated to active student status, the student must agree to fully participate in the campus conduct process and comply with any sanctions imposed.

SECTION 3: EXPECTATIONS²

Behavioral and Conduct Expectations

Fox Valley Technical College considers the behaviors and conduct described in the following sub-sections inappropriate for the Fox Valley Technical College learning community and in opposition to the College's mission, vision, and values. 22) Online Misconduct. Online content such as blogs, web postings, chats, and social media posts are public, not private. Students may face misconduct allegations if evidence of policy violations is found online. While Fox Valley Technical College doesn't routinely search for this information, the College may take action if it's brought to its attention that a Code violation may have occurred. However, students' online speech outside the College's networks or technology or speech that is otherwise protected, may be considered free expression and not governed by this Code. While the College respects these rights, there are some exceptions. These exceptions include, but are not limited to:

SECTION 4: OVERVIEW OF THE CONDUCT PROCESS

This Code outlines the procedures for conducting proceedings of alleged violations of the *Student Code of Conduct - General* at Fox Valley Technical College. However, it is essential to note that not all situations have the same severity or complexity. Therefore, these procedures are flexible and may vary depending on the situation. The campus conduct process and all applicable timelines begin when an administrator is notified of a potential violation of this Code.

All days mentioned in this policy are regular business days when the College is open. Holidays and days when the campus is closed for business are excluded.

During the investigation, the Student Conduct Manager or designee may attempt to resolve the reported violation through communication with all parties involved. Any agreement reached due to this process will be documented in writing and signed by all parties involved.

SECTION 5: PROCEDURES UNDER THIS CODE

1. Filing an Incident Report

A report about a student for violations of this Code may be made in writing or verbally by anyone who believes this Code has been violated. **The preferred method for making a code violation report is via the *General Incident Reporting Form* available online at <https://www.fvtc.edu/about-us/campus-safety>.** A report should be made as soon as possible following the incident.

Reports should include as much detail of the alleged violation as possible. Please note that if any information is left blank on the incident reporting form (e.g., reporting student's name and contact information), the College may be unable to investigate the report thoroughly. However, the College may initiate a student conduct investigation based on available information, even without a formal report.

If a report does not use the General Incident Reporting Form, the incident report should include the minimum following information:

- Reporter's name, address, and telephone number.
- The name of the person who is accused (respondent) of a violation of this Code.
- The date(s) on which the alleged incident(s) occurred.
- The place(s) where the alleged incident(s) occurred.
- A statement describing, in detail, the alleged incident(s).
- The name, address, and telephone number of any witnesses.

Reports may also be submitted in writing or verbally to:

Student Conduct Manager:

Student Conduct Manager

Conduct@fvtc.edu or 920-735-2545

Security Services Manager:

Security@fvtc.edu or 920-735-5621

Once an incident is reported, a College representative will contact the involved parties to begin the investigation. Reports made verbally will be documented in writing at that time.

In exceptional circumstances, provisions may be made to protect the identity of reporters and witnesses upon request. FVTC has discretion to determine whether identities will be kept confidential.

If the report involves sex-based harassment or sex-based discrimination allegations, the matter will be handled under Administrative Policy: [*Sex-Based Harassment and Nondiscrimination*](#).

2. Initial Investigation and Informal Resolution

Upon receiving the incident report, the Student Conduct Manager or designee will conduct inquiries to determine if it is more likely than not that a violation of this Code occurred. This may involve scheduling conferences with the individuals involved and obtaining written statements or other documentation from the reporter, alleged student, witnesses, or others involved in the incident. The alleged student will be provided with written notice of the alleged violations and an opportunity to respond to those allegations. The initial investigation may result in determinations such as whether a violation has occurred and, if so, what disciplinary actions are appropriate. Determinations that may result from the initial investigation include:

- A decision not to pursue the allegation based on a lack of or insufficient evidence. The matter will be closed, and the records will so indicate.
- A decision on the allegation(s), also known as an "informal" or "administrative" resolution to an uncontested allegation.
- A decision to proceed with additional investigation and/or referral for a "formal" resolution.

The process will end if the decision on the allegation is that the responding student is not responsible for violating the Code.

If Fox Valley Technical College finds that the alleged student is in violation, and the alleged student accepts this finding within three days, Fox Valley Technical College considers this an "uncontested allegation." The Student Conduct Manager or designee will then determine the sanction(s) for the misconduct, which this student may accept or reject. If accepted, the process ends.

If the Student Conduct Manager or designee conducting the initial investigation determines that it is more likely than not that the alleged student is in violation, and the alleged student rejects that finding in whole or part, it is considered a contested allegation, and the process moves to Step 3.

3. Formal Investigation

If, during the initial investigation, it is determined that there was likely a violation of the code and no resolution is reached, a formal investigation may be conducted to gather additional

information. The alleged student and involved parties will be notified about the formal investigation in writing. The notification will include the following:

- The sections of the Code at issue and the potential sanctions.
- A copy of the Code and procedures relevant to the report.
- The alleged student will be asked to provide a written explanation of the incident or, if a prior statement was obtained, to provide additional information.
- Any instructions relevant to the report that involve other involved parties will also be included.

When a formal investigation is initiated, the Student Conduct Manager or designee will meet with the person filing the report and the alleged student to review the written report, collect or request all relevant evidence and documents, and review any interim measures that have been put in place.

Witnesses may be interviewed, relevant documentation will be gathered and reviewed, and follow-up meetings with the person filing the report and the alleged student may occur. The investigator may seek a voluntary resolution of the report at any time, and the results of such resolution will be documented.

The investigator will retain all records and notes within the incident reporting system and prepare a written report, including a summary of findings, timelines, outcomes, and any sanctions or remedial actions. The investigator may use College resources, including peers or colleagues, to assist in preparing the written report.

The College will make every effort to conduct thorough investigations. The College may extend time periods to ensure that the Code is followed and that reported incidents are resolved fairly. If the person filing the report or the alleged student notices any procedural errors or deficiencies, they should report them to the Student Conduct Manager or designee; otherwise, they will be waived. A procedural error or deficiency does not automatically result in a favorable outcome for the person the error may have disadvantaged.

4. Student Conduct Conference

The Student Conduct Conference will be held following the formal investigation and facilitated by the Student Conduct Manager or designee, and the purpose will be as follows:

- Inform the alleged student of the information provided to the Student Conduct Manager or designee to date.
- The alleged student will be allowed to raise questions and discuss the information.
- The alleged student will be allowed to admit the allegations and accept responsibility for the violation(s).
- The alleged student will be allowed to deny the allegations and to offer additional information.
- The alleged student will be informed of the remaining process and possible remedies and sanctions that may result.

As a result of the Student Conduct Conference, the Student Conduct Manager or designee may:

- Dismiss the code violation report.
- Refer parties involved, if appropriate, to other services at the College.
- Refer parties to other appropriate follow-ups, including mediation with the reporter.
- Resolve the report informally.
- Determine the alleged student is responsible for the violation(s) and impose a remedy and/or sanctions appropriate to the violation.

The Student Conduct manager or their designee will issue a written decision letter to the alleged student.

If the alleged student disagrees with the outcome of the Student Conduct Conference, the student can appeal the decision within three (3) business days of receiving the decision letter. The appeal process will be provided in writing along with the decision letter.

SECTION 6: REMEDIES AND SANCTIONS

Conduct Sanctions

Any student who violates the *Student Code of Conduct - General* may receive one or more of the following sanctions. These sanctions will apply to all FVTC campuses, sites, or functions under FVTC supervision. Groups or organizations that violate the Code of Conduct may also face sanctions.

1. **Warning:** An official written or verbal notice that the student has violated FVTC policies and/or rules and that more severe conduct action will result should the student be involved in other violations while the student is enrolled at FVTC.
2. **Community/FVTC Service Requirements:** A student or organization must complete a specific supervised FVTC service.
3. **Restitution:** Compensation for damage caused to FVTC or any person's property. This could also include failure to return a reserved space to the proper condition – labor costs and expenses. This is not a fine but a repayment for labor costs and/or the value of property destroyed, damaged, consumed, or stolen.
4. **Loss of Privileges:** The student will be denied specified privileges for a designated period. This may include facility suspension. The student no longer has the privilege of entering and/or residing in a particular facility or building for a specified period or until a specific condition is met.
5. **Confiscation of Prohibited Property:** Items whose presence violates FVTC policy will be confiscated and become the property of FVTC. At the discretion of the Student Conduct Manager and/or Security Services, prohibited items may be returned to the owner.
6. **Behavioral Requirement:** This includes required activities including, but not limited to, AODA assessment, writing a letter of apology, etc.
7. **Educational Program:** Requirement to attend, present, and/or participate in a program related to the violation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about a specific topic or issue related to the violation for which the student or organization was found responsible. The audience may be restricted.

8. **Disciplinary Probation:** The student is “not in good standing” for a designated period and is sent a letter of warning that further acts of misconduct will be subject to additional conduct action and may result in suspension or expulsion from FVTC, mainly if the incident occurs during the probationary period.
9. **Eligibility Restriction:** The student is deemed “not in good standing” by FVTC for a specified period. Specific limitations or exceptions will be determined by the Manager-Student Development and Engagement and Student Conduct Manager, and terms of this conduct sanction may include, but are not limited to, the following:
 - a. Ineligibility to hold any office in any student organization recognized by FVTC or hold an elected or appointed office at FVTC.
 - b. Ineligibility to represent FVTC to anyone outside the FVTC community, including participating in a study abroad program, attending meetings, or representing FVTC at an official function, event, etc.
 - c. Removal from class—A student may be barred from attending a particular class or may be reassigned to a different section of the same class. Specifics will be coordinated between the Student Conduct Manager or designee and the appropriate academic administrator.
10. **FVTC Suspension:** Separation from FVTC for a specified minimum period, after which the student is eligible for possible re-enrollment. Eligibility to return may be contingent upon satisfaction of specific conditions noted at the time of suspension. During suspension, the student is banned from FVTC property, functions, events, and activities without prior written approval from the Manager-Student Development and Engagement and Student Conduct Manager. This sanction may be enforced with a trespass action, as necessary. A student returning from a disciplinary suspension must develop a student success plan in coordination with the Student Conduct Manager or designee.
11. **FVTC Expulsion:** Permanent separation from FVTC. The student is banned from FVTC property and prohibited from participating in any FVTC-sponsored activity or event. If necessary, this ban may be enforced with a trespass action.
 - a. If a student is suspended, expelled, or removed as a part of a withdrawal agreement, they will be subject to the same refund policy as if they had voluntarily withdrawn from the College. Please contact Enrollment Services for more information and the current refund timeline.
12. **No-Contact Order:** A campus-wide No-Contact Order restricts individuals from contacting or interacting with each other. This order may be used as a sanction and/or as an interim measure while an investigation is ongoing. The order is put in place to prevent further conflicts or ensure the safety and well-being of the individuals involved. It includes specific instructions outlining clear boundaries between parties with a history of conflict, harassment, or other issues.
 - a. The expected behavior includes refraining from face-to-face contact, correspondence, email, contacting via any electronic means, or telephone. Friends and relatives are also prohibited from contacting either party on their behalf.
 - b. The Student Conduct Manager or designee is responsible for implementing and enforcing a no-contact order in coordination with other

areas of the institution, such as Security Services and Title IX Coordinators.

- c. Report violations of the no-contact order to the Student Conduct Manager at Student Conduct Manager Conduct@fvtc.edu or 920-735-2545.
 - d. . The Student Conduct Manager is the designated official to address conflicts, harassment, or other misconduct between students and may issue a no-contact order to protect the safety and well-being of those involved. Moreover, Security Services may issue a no-contact order.
13. **Other Sanctions:** With the Student Conduct Manager's or designee's approval, additional or alternate sanctions may be created and designed as appropriate to the offense. Examples include restorative justice assignments such as services, essays, administrative referrals, or other discretionary assignments.
14. Referral to civil or criminal authorities (if this has not occurred).

Failure to Complete Conduct Sanctions

As members of the Fox Valley Technical College community, all students must adhere to conduct sanctions within the specified timeframe, where applicable, set by the Student Conduct Manager or designee. Failure to comply with these sanctions by the specified date, whether due to refusal, neglect, or any other reason, may lead to additional sanctions and/or suspension or expulsion from the college. A suspension will only be lifted when compliance with conduct sanctions is satisfactorily achieved, a determination that the Student Conduct Manager or designee will make.

SECTION 7: APPEAL PROCEDURES

Procedures to Appeal the Decision

A. If the student is found responsible for a violation of this Code, the student can appeal in writing to the Manager - Student Development and Engagement or their designee within three (3) business days of receiving the sanctions. The student will have the right to request a final review based on any of the following grounds:

1. A sanction substantially disproportionate to the severity of the violation.
2. A material deviation from written procedures jeopardized the process's fairness.
3. A demonstrable bias by the Student Conduct Manager or designee.
4. New information unavailable during the proceeding that could be outcome determinative.

B. If a student is suspended or expelled and they appeal the decision, they will not be allowed on campus or to attend classes until the appeal process is completed unless the Manager-Student Development and Engagement or their designee delays the implementation of the sanction due to extraordinary circumstances.

C. An appeal must be timely, in writing, and contain the following information:

1. The name, address, e-mail address, and phone number of the party appealing
2. The reason for the appeal request with a clear explanation of the facts and circumstances underlying the appeal with specifics relating to A. 1 through A. 4 above.
