

COMMENCEMENT

MAY 18, 2025

*The President, Board of
Trustees, faculty and staff of
Fox Valley Technical College
extend a warm welcome to
the friends and families of the
graduating class of 2025.*

Fox Valley Technical College

Fox Valley Technical College

Our Mission Is To:

Provide relevant technical education and training to support student goals, a skilled workforce, and the economic vitality of our communities.

Knowledge That Works

Fox Valley Technical College has been providing job training and education to our communities since 1912 – that’s more than 100 years. We’ve adapted to changing community needs and new technology, while continuing to give students the current skills employers are looking for.

Last year, 93% of our graduates were employed within six months of graduation. In fact, 76 of our programs had 100% graduate employment.

Every year, we serve nearly 50,000 people. We train the people who serve and protect us every day. Our nurses, accountants, chefs and carpenters. Our mechanics, firefighters, marketers, pilots, entrepreneurs, child care providers and welders. Our truck drivers, police officers, landscapers, electricians, software developers and hundreds of other great careers. Most of these local technicians and professionals received their initial or continuing education from Fox Valley Technical College.

Our students gain a more global view of the world by traveling abroad for study opportunities or by staying right here in Wisconsin. Students come to study at Fox Valley Technical College from over 40 countries around the world.

Whether you are just beginning your higher education journey after high school, changing careers, or looking to enhance your skills, Fox Valley Tech will be with you every step of the way. We are your lifelong learning partner.

To the Graduating Class

Congratulations, graduates!

Hard work. Perseverance. Dedication. Resilience. Each of these qualities and more are embodied in Fox Valley Technical College graduates. You should be extremely proud of your accomplishments!

The college community is delighted to come together today to celebrate one of the most important milestones in your life – commencement. This is a special day not only for you as you are recognized for achieving your educational goals, but also for the people who supported you along the way – family, friends, and the faculty and staff of Fox Valley Technical College.

During your time at FVTC, you have acquired the knowledge and skills that you’ll need for success in your chosen career. Our graduates are the foundation of the skilled workforce that keeps our communities strong, allows individuals and families to thrive, and supports the vitality of our region. Today, you join tens of thousands of Fox Valley Technical College alumni who positively impact their communities.

As you reflect on all of your accomplishments, I’d also urge you to think about the true meaning of “commencement.” After all, today is not the end of a journey. It is the start, a new beginning and an opportunity for you to chart your path forward. As you consider your next steps, we stand ready as a resource to help you continue your education and to enhance your skills so that you can achieve success and personal fulfillment in your career for many years to come.

On behalf of the FVTC community, our very best wishes for a bright future!

Sincerely,

A handwritten signature in black ink that reads "Christopher J. Matheny". The signature is written in a cursive, flowing style.

Dr. Christopher Matheny

Fox Valley Technical College

Student Speaker

Aniya Stamper
IT-Web Development & Design Specialist
Associate in Applied Science Degree

Coming from her home state of Florida, Aniya Stamper says she felt at home immediately when she toured Fox Valley Technical College. Aniya credits Appleton with being the perfect-sized city for a young adult and instinctively knew she would have a fresh start at FVTC.

After exploring a few science-related programs, Aniya says she chose the IT-Web Development & Design Specialist program because she recognized how quickly technology was evolving in the workplace. Having an interest in both marketing and web development, she knew a technology-based career was most appealing to her.

During her time in school, Aniya has been actively involved in school activities with the International Culture Club, Student Government Association, the FVTC Study Abroad Program and Club, the Association of Information Technology Professionals, and Women in IT. She is also a member of FVTC's honor society, Phi Theta Kappa.

After graduation, Aniya plans to pursue a bachelor's degree in Computer Science. While she has not made a final commitment, Aniya says UW-Stevens Point is a top choice.

Commencement Speaker

Bob Schulz
President
Pierce Manufacturing

Bob Schulz is the President of Pierce Manufacturing, a position he was appointed to in April 2023. Schulz is responsible for Pierce, Frontline Communications, Maxi-Metal and Oshkosh Airport Products (ARFF) brands.

Bob joined Pierce Manufacturing in 2004 as a Senior Financial Analyst and has held finance, order management and general management roles with increasing responsibility, including his prior roles as the Senior Director of Finance for Oshkosh Airport Products and Vice President and General Manager of Pierce Aerials. With more than 20 years working within the organization and prior experience at Kimberly Clark and Chicago Mercantile Exchange, Bob has held diverse leadership roles that have involved creating innovative solutions to support customers' unique needs.

Bob is a graduate of the University of Illinois-Urbana Champaign with a Master of Business Administration from Marquette University.

Ceremonial History & Regalia

The college president confers degrees by the power vested in him or her by the Board of Trustees; however, degrees are only granted upon the recommendation of the college faculty, who are the heart of a college education. The processional is, therefore, a symbolic declaration that members of the academic community are bound by a common purpose and commitment to the ideals of higher education.

The apparel worn in the processional is also symbolic, with its origin in the Middle Ages. Colleges and universities grew out of church schools, so faculty and students were regarded as part of the clergy and wore monastic dress. The style and decoration of the gown identifies the degree earned. Hoods are worn by those with a master's or doctoral degree, with velvet trim on the gowns of those holding a doctoral degree. The traditional hat developed from the skull cap worn in cold weather. In Europe, a bonnet with a tassel is still worn, but in America it has been replaced by the mortarboard cap with tassel.

The trim and tassel colors associated with the different disciplines are as follows:			
Agriculture	Maize	Journalism	Crimson
Arts, Letters, Humanities	White	Law	Purple
Business	Drab	Library Science	Lemon
Economics	Copper	Nursing	Apricot
Education	Light Blue	Philosophy	Dark Blue
Engineering	Orange	Public Administration	Peacock
Fine Arts, Architecture	Brown	Social Work	Citron
Forestry	Russet		

Honor graduates in today's ceremony are distinguished by the gold cords draped over their shoulders.

Phi Theta Kappa (PTK) Honor Society

Phi Theta Kappa is an international honor society which recognizes and encourages scholarship among two-year college students. To achieve this purpose, Phi Theta Kappa provides opportunities for developing leadership and service skills, exchanging ideas and ideals in an intellectual climate, developing lively friendships between scholars and stimulating interest in continuing academic excellence. To be eligible for induction to Phi Theta Kappa, a student must have completed 12 or more associate degree credits with an overall cumulative grade point average of 3.5 or higher.
