

INTERPRETING TEAS TEST RESULTS

ADN and PN Student
Dental Hygiene Student

WHAT DOES MY TEAS SCORE MEAN?

For the associate degree program you will need to score 58.7 or above in order to enter into the pre-nursing and dental hygiene programs

For the practical nursing program, you need to score 50 or above to enter into pre-nursing.

If you did not meet this requirement, you will have a total of 2 attempts to take the TEAS.

If this is your second attempt and you were not successful, continue to read through the slides. You will be ineligible to retake the TEAS test for 3 years. You will be withdrawn from the nursing and dental hygiene application process.

FOCUSED REVIEW

You can create a focus review on the ATI site to examine the content you missed. It will generate what areas you missed and an online book to help you review.

The screenshot shows the ATI website interface. At the top, there is a navigation bar with the following tabs: Student Home, My Products, My Results, My Purchases & Payments, Demos, and How To. Below the navigation bar, there is a section titled "Access results and remediation using the icons below," with a "My Transcript" button on the right. Below this, there are three tabs: Proctored Assessments (highlighted in yellow), Practice Assessments, and Tutorials. A red arrow labeled "1" points to the "My Results" tab in the navigation bar, and another red arrow labeled "2" points to the "Proctored Assessments" tab. Below the tabs, there is a table titled "Proctored Assessments" with the following columns: ID, Purchase Transcript, Assessment Name, Date, Assessment Report, and Focused Review. The table contains three rows of data. A red arrow labeled "3" points to the "Focused Review" column in the third row.

NEXT STEPS

If you are an ADN and Dental Hygiene(DH) student and have earned a score of 58.7 or above or a PN student and earned a 50 or above-Congratulations!:

- Complete the rest of your admissions requirements
- Once all admissions requirements are complete, you will be entered into pre-nursing

If you are an ADN or Dental Hygiene student and earned a score 58.6 or below or a PN student and earned a 49.9 or below:

- If this is your first try, you may try a second time or meet with a counselor to determine if this is the right program for you
- If this is your second try, you will be ineligible to enter into the pre-nursing or dental hygiene program and are encouraged to meet with a counselor for career counseling.
