The President, Board of Trustees, faculty and staff of Fox Valley Technical College extend a warm welcome to the friends and families of the graduating class of 2020.
Our Mission Is To:

Provide relevant technical education and training to support student goals, a skilled workforce, and the economic vitality of our communities.

Knowledge That Works

Fox Valley Technical College has been providing job training and education to our communities since 1912 – that’s more than 100 years. We’ve adapted to changing community needs and new technology, while continuing to give students the current skills employers are looking for.

Last year, 94% of our graduates were employed within six months of graduation. In fact, 80 of our programs had 100% graduate employment.

Every year, we serve nearly 50,000 people. We train the people who serve and protect us every day. Our nurses, accountants, chefs and carpenters. Our mechanics, firefighters, marketers, entrepreneurs, child care providers and welders. Our truck drivers, police officers, landscapers, electricians, software developers and hundreds of other great careers. Most of these local technicians and professionals received their initial or continuing education from Fox Valley Technical College.

Our students gain a more global view of the world by traveling abroad for study opportunities or by staying right here in Wisconsin. Students come to study at Fox Valley Technical College from over 40 countries around the world.

Whether you are just beginning your higher education journey after high school, changing careers, or looking to enhance your skills, Fox Valley Tech will be with you every step of the way. We are your lifelong learning partner.
Congratulations, graduates!

As we conclude a very challenging 2019-20 academic year, the college community comes together in a virtual venue this spring to celebrate one of the most important milestones in your life – commencement. While not an ideal way to celebrate and congratulate, we need to acknowledge this special moment in time not only for you as you are recognized for achieving your educational goals, but for the people who have supported you along the way.

You should be very proud of your accomplishments. During your time at Fox Valley Technical College, you have acquired the knowledge and skills that you'll need for success in your chosen career. You have also grown as an individual. For many of you, the support and encouragement of family and friends have enabled you to succeed. They surely take great pride in your achievement.

The college's faculty and staff also share this feeling of pride and admire the hard work and perseverance you have demonstrated in achieving your goals. We share your excitement as you begin the next stage of your life’s journey, even in these uncertain times.

Commencement, however, doesn’t mark an end to education. Instead, it is truly just the beginning, as lifelong learning will be essential in meeting the challenges of the ever-changing workplace. We stand ready as a resource to help you continue your education and to enhance your employability skills so that you can achieve success and personal fulfillment in your career for many years to come.

On behalf of the FVTC community, our very best wishes for a bright future!

Sincerely,

Dr. Susan A. May
President
Fox Valley Technical College
Jane Oligney
Substance Use Disorder Counseling
Associate in Applied Science Degree

While at Fox Valley Technical College, Jane served as president of her program’s student club. In that leadership role, she incorporated domestic violence education within the club’s activities while also working nearly full-time for Christine Ann Domestic Abuse Services.

After an internship at the Drug Abuse Correctional Center, Jane was hired full-time at Family Health La Clinica in Wautoma where she works as a recovery specialist-substance abuse counselor. The Iola native is enamored in helping an underserved population find new beginnings. Her work in both the preventative and rehabilitative aspects of substance abuse is life-changing.

Jane is graduating with honors and plans to continue her education by pursuing a bachelor’s degree in social work.

Ceremonial History & Regalia

The college president confers degrees by the power vested in him or her by the Board of Trustees; however, degrees are only granted upon the recommendation of the college faculty, who are the heart of a college education. The processional is, therefore, a symbolic declaration that members of the academic community are bound by a common purpose and commitment to the ideals of higher education.

The apparel worn in the processional is also symbolic, with its origin in the Middle Ages. Colleges and universities grew out of church schools, so faculty and students were regarded as part of the clergy and wore monastic dress. The style and decoration of the gown identifies the degree earned. Hoods are worn by those with a master’s or doctoral degree, with velvet trim on the gowns of those holding a doctoral degree. The traditional hat developed from the skull cap worn in cold weather. In Europe, a bonnet with a tassel is still worn, but in America it has been replaced by the mortarboard cap with tassel.

The trim and tassel colors associated with the different disciplines are as follows:

Honor graduates in today’s ceremony are distinguished by the gold cords draped over their shoulders.

Phi Theta Kappa (PTK) Honor Society

Phi Theta Kappa is an international honor society which recognizes and encourages scholarship among two-year college students. To achieve this purpose, Phi Theta Kappa provides opportunities for developing leadership and service skills, exchanging ideas and ideals in an intellectual climate, developing lively friendships between scholars and stimulating interest in continuing academic excellence. To be eligible for induction to Phi Theta Kappa, a student must have completed 12 or more associate degree credits with an overall cumulative grade point average of 3.5 or higher.
