**Credits:** 3 graduate credits

**Instructor:** Mike Valentyn

### Course Numbers

Central Section: TDE 604 MU 01

Southeast Section: TDE 604 MU 02

### I. Course Description:

Students will participate in hands on learning experiences in a variety of technical college programs and services. Travel is required to different Wisconsin Technical Colleges to tour and participate in an interactive educational program.

### II. Course Objectives:

1. Acquaint participants with programs and services of the technical college system and career opportunities for students in the 21<sup>st</sup> century.
2. Develop a “plan of action” to implement in classroom(s) or districts disseminating information and services of technical colleges and career opportunities. Each individual or team will write a plan of action consisting of learning outcomes; activities and resources; and a time frame for implementation of the plan. Details will be explained the first day at orientation.

### III. Course Requirements:

Active participation is required for all scheduled lectures, presentations and activities associated with the course. A plan of action must be completed by June 26th.

**NOTE:** Morning refreshments and lunch will be provided on each campus. Students choose one section to attend per year and can do each section once over different years. Students may retake a section after a 5 year interval.

**How to register:**

On Tuesday, March 15, 2016 at 8:30 am registration opens on a first-come, first-served basis. Choose one section.

Register on-line at [www.fvtc.edu/wtcstour](http://www.fvtc.edu/wtcstour)
