### Course Numbers

North Section: TDE 604 MU  
Central Section: TDE 604 MU  
South Section: TDE 604 MU

### I. Course Description:

Students will participate in hands on learning experiences in a variety of technical college programs and services. Travel is required to different Wisconsin Technical Colleges to tour and participate in an interactive educational program.

### II. Course Objectives:

1. Acquaint participants with programs and services of the technical college system and career opportunities for students in the 21<sup>st</sup> century.
2. Develop a “plan of action” to implement in classroom(s) or districts disseminating information and services of technical colleges and career opportunities. Each individual or team will write a plan of action consisting of learning outcomes; activities and resources; and a time frame for implementation of the plan. Details will be explained the first day at orientation.

### III. Course Requirements:

Active participation is required for all scheduled lectures, presentations and activities associated with the course. A plan of action must be completed by June 29th.

**NOTE:** Morning refreshments and lunch will be provided on each campus. Students choose one section to attend per year and can do each section once over different years. Students may retake a section after a 5 year interval.

## How to register:

On Tuesday, March 14, 2017 at 8:30 AM registration opens on a first-come, first-served basis. Choose one section.
