Aurora Health Care is an integrated, not-for-profit, and all-for-people health care provider serving communities throughout eastern Wisconsin and northern Illinois. Our approach keeps people in our minds and at the heart of everything we do. We treat each person as a person, not as a patient, an illness or an appointment.

Aurora got its start in 1984 when two established Milwaukee hospitals, St. Luke's Medical Center and Good Samaritan Medical Center, came together to form Aurora Health Care. Over the years, our organization grew, allowing us to help more people and communities.

Today we serve communities throughout eastern Wisconsin and northern Illinois, with 15 hospitals, more than 150 clinics and 70 pharmacies in 30 communities. We strive to offer services that are close to home, and help make the whole community healthier.

**Caitlin Higgins**

920-739-0111

HigginsC@oakridgegardens.com

The Schanke family has owned and operated Oakridge Gardens Rehabilitation & Memory Center since 1980. The addition of GardenView Assisted Living offered the first model of a continuum-of-care facility in the Fox Valley area. To better serve the growing needs of our community, we opened The Gardens of Fountain Way Assisted Living.

All of our senior living facilities are dedicated to providing our residents and their families with the highest quality of care through our professional and service-oriented staff. We offer a wide variety of senior living options and services throughout our continuum of care.

Our services include short-term rehabilitation, memory care, skilled nursing and assisted living. The quality and certified staff that provide these services include registered nurses, licensed practical nurses, CNAs, physical, occupational and speech therapists, licensed social workers and a number of other care coordinators.

Rehabilitation is an important part of health and wellness, especially after surgery, accident or illness. Our state-of-the-art rehab center provides our patients the opportunity to experience the greatest level of physical health possible so they are prepared to return home to the activities they enjoy.

Oakridge Gardens provides both inpatient and outpatient short-term rehabilitation therapy seven days a week through a partnership with MJ Care, a licensed and certified therapy provider that has been providing effective therapy for more than 35 years. MJ Care supports our mission and vision to provide premier rehabilitation services through a professional, service-oriented staff by providing high-quality, professional services to our patients.

The Oakridge Gardens memory care center offers a calm, safe and secure environment for people with Alzheimer's disease and other dementias. Residents are cared for by compassionate and knowledgeable staff with specialized training and certification in the care needed for each stage of memory loss. Each resident receives individualized attention and person-centered care so that as physical and cognitive abilities change, they receive care that is unique to their particular needs.

Oakridge Gardens Rehabilitation & Memory Center offers 24/7 long-term care services to residents of the Greater Fox Valley area. We provide a high-quality environment and a professional, service-oriented staff that includes a diverse clinical team as well as an engaged management team to support the services we offer.
