Accessing Your Virtual Application from an Android Phone/Tablet

Prerequisites: Android phone or tablet with Android 1.5 (Cupcake) or greater • Internet connection

Open Google Play Store (formally the Market) and **install** the application "Citrix Receiver" by Citrix Systems, Inc.

Launch the Receiver and select Add Account.

Enter "virtual.fvtc.edu" for the Address and **select** Next.

litrix Receiver				
Add Account				
	Address	https://vir	tual.fvtc.edu	
	Description	virtual.fvtc.edu		
	User Name	username		
	Password			
	Domain	fvtc		
			Log On	

Enter your User Name (Student ID) and password, **enter** "fvtc" for the domain, and **select** Log On to continue.

Open the Apps tab to add virtual applications. Your choices will vary based on the classes you are currently enrolled in. Contact your instructor if you do not see your application.
